

## REMARKS

The claims 7-10 and 21-32 remain pending in the application.

The specification is amended to correct a minor typographical error.

The pending claims stand rejected solely for obviousness-type double patenting over the claims of U.S. Patent No. 6,638,834. Submitted herewith is a Terminal Disclaimer which overcomes such obviousness-type double patenting rejection. As the obviousness-type double patenting rejection is the only rejection pending against claims 7-10 and 21-32, the claims are now believed to be in condition for allowance, and Applicant therefore requests that the Examiner's next action be a Notice of Allowance.

Respectfully submitted,
